

Revolutionizing the evolution of design.

Welcome to the revolution. The all-new Tucson is not simply an evolution of its predecessor, but a full-blown design revolution. And while leading the way in progressive design, it also offers state-of-the-art smart tech like best-in-class safety features, advanced driver-assistance systems and the most electrified powertrain line-up in its segment.

A new look for a new age.

Sophisticated and progressive, the all-new Tucson's design is revolutionary. Dynamic geometric forms, sharp angles and the world's-first Parametric Hidden Lights combine to make it a powerfully unique presence on the road. Thanks to state-of-the-art half-mirror lighting technology, the Parametric Hidden Lights are hidden when turned off, and when switched on: the outer sections on the side of the grille transform into brilliant wing-like shapes, creating a unique high-tech lighting signature. When stopped, they blend in with the grille again.

Bringing Sensuous Sportiness to the SUV world.

Taking modern aesthetics to the next level, the all-new Tucson's chiselled surfaces and dynamic lines put it at the cutting-edge of SUV design. Featuring a bigger and wider body, it is the first Hyundai SUV to be developed according to our new Sensuous Sportiness design identity. Its muscular stance combines sharp angles and dynamic proportions with rich surfaces – creating a progressive look without compromising on Tucson's rugged SUV heritage. And you can personalize its look with a choice of 9 dynamic colours.

Wide open spaces for your digital journey.

Inside, you'll discover a feeling of openness and comfort that exceeds all expectations. Here, space, technology and information intersect harmoniously, setting new standards in the segment with its impressive range of advanced smart tech. The open-style 10.25" digital cluster is a major design innovation, enhancing the cockpit's high-tech flair together with the new 10.25" touchscreen, which flows seamlessly into the full touch console. The flowing lines of the dashboard blend seamlessly with the doors, wrapping around front occupants like a wide, open gorge. All navigation, infotainment and air conditioning controls are now touch-activated for a sleek, seamless look that emphasizes the stylish, open ambience of the interior.

Get into a new level of roominess.

Now longer and wider thanks to its new platform, the spacious interior is not just better – but bigger now too. Experience a roomy, wide-open interior space that delivers a level of comfort that is usually hard to find in cars in this segment. Its second-row cabin space is among the largest in its class. More spacious than ever before, the all-new Tucson gives you more passenger space to keep everybody comfortable – no matter where the road takes you.

Flexibility for all of life's adventures.

Life is a journey. And getting there can be half the fun – especially in an SUV as roomy and versatile as the all-new Tucson. So whether it's a solo adventure or a weekend get away with the family, you'll enjoy exceptional versatility with clever features like remote folding levers that let you fold the seats down from the boot for 1,799 litres of flat cargo space. For improved convenience and versatility, the rear seats can now be folded in a 40:20:40 ratio, which is great for hauling bulky objects or sports equipment. And boot capacity has been increased as well, offering up to 503 litres overall for luggage with the seats up, depending on the trim and powertrain selected.

Your digital journey starts here.

Naturally, the all-new Tucson has also been upgraded with the latest smart tech to make every journey safer and more convenient. Before embarking on your journey, you can check your calendar using the 10.25" touch screen to reconfirm your meeting and lay your phone into the high-speed wireless charging dock. And thanks to Apple CarPlay™ and Android Auto™, you can plug in your smartphone to project your favourite apps and phone functions right up on the big 10.25" screen. You can then use voice control commands to take calls, send and receive messages, and listen to music on the premium sound system from BOSE.

Wireless charging dock.

That connection for Apple Car Play and Android Auto depends on the phone type and software version.

يعتمد هذا الاتصال لتشغيل Android Auto و Apple Car Play على نوع الهاتف وإصدار البرنامج.

Highly efficient shifting – any way you like.

Depending on the powertrain, You switch between drive, neutral, reverse and park by simply using the buttons conveniently located in the centre console. Shift-by-wire is also available as an option on the -7speed dual clutch transmission.

Button-type shift-by-wire.
*The car may differ from one region to another.

Selectable drive modes.

Switch drive modes to suit conditions – and your mood! You can instantly adjust the driving dynamics and feel of your all-new Tucson – at the push of a button. The colour schemes of the fully digital 10.25" open cluster change depending on which drive mode is selected. Select Sport mode for enhanced performance with modified throttle response, shift points and steering effort. Eco mode delivers peak fuel efficiency with modified acceleration, shift points and air conditioning performance. Select Normal mode for regular performance with good efficiency. If you choose the Hybrid powertrain, Eco and Sport drive modes are available. When equipped with the optional Electronic Controlled Suspension, the drive mode also influences the damping force on each individual wheel to enhance ride and handling.

THE ALL NEW TUCSON.
Step in. Stand out.

Surround View Monitor (SVM)
Enjoy *360 visibility for easier and safer parking. Four high definition cameras mounted on the front, sides, and rear of the vehicle show the surroundings in real time.

Express yourself.

With three vibrant new colours available: Shimmering Silver, Amazon Grey and Teal, you can now choose from nine exterior colours. On top of that, the option of a two-tone roof in either Phantom Black or Dark Knight gives you even more possibilities to personalize your all-new Tucson to fit your individual style.

Sunset Red (WR6)

Teal (TG8)

Phantom Black (PAE)

Shimmering Silver (R2T)

Serenity White Pearl (W6H)

Engine Red (JHR)

Silky Bronze (B6S)
